About

Clemmy Lou came to us as a very sick puppy with Parvo, she overcame that and was adopted straight into a home. Three years later and she is now back into our care. while her family loved her and tried very hard to keep her it just wasn't the right fit. Clemmy can be a little shy at first but oh boy after she opens up, she is the sweetest love bug! she has a silly personality and loves to play! Clemmy knows all her basic commands plus some and is house/potty trained. She is great on the leash and in the car. Clemmy would absolutely love a second chance at finding her furever home and you don't want to miss out on this sweet soul!
